## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 103***

Claims 14-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Shavit et al.

Shaviet et al. teach or make obvious the limitations of the claims including a system for facilitating supply chain processes whereby multiple users in a supply chain can interact concurrently to provide various services and support to each other.

Re claims 15-20: the limitations associated with the claims would have been obvious design choices to one of ordinary skill in the art at the time of the invention as these limitations are coherent with normal and well known business practices to produce a desired result.

### ***Response to Arguments***

Applicant's arguments with respect to claims 14-20 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***
